Our Services

# Business Mobile Services

# What Are Mobile Services?

Aurora provides businesses with mobile services that help them stay connected with their clients, investors, and colleagues. We offer a range of mobile services that include devices, SIM-only options, 5G solutions, and other tools to help businesses communicate efficiently. Additionally, Aurora can help businesses manage their mobile phones and tariffs across multiple locations. By keeping track of mobile contracts, businesses can achieve cost-saving and increased productivity goals. Aurora's team can customise business mobile contracts to suit specific requirements and get them set up and sent straight out of the box.

## How To Start...

Before onboarding someone for your mobile solutions, you should assess your goals as a business. Once you have an idea of your needs, give Aurora a call to discuss your next steps for mobile services.

# How Can Aurora Help?

As one of the UK's leading solutions providers, we work closely with the four major networks to help you make the most of mobile. With solutions from EE, O2, Vodafone and Three, we have various services to help you make the most out of mobile.

## Tariffs & Services

Our excellent team will help you create an efficient mobile plan, tailored to meet all your specific needs. We know the right pricing is important for these services and provide competitive solutions.

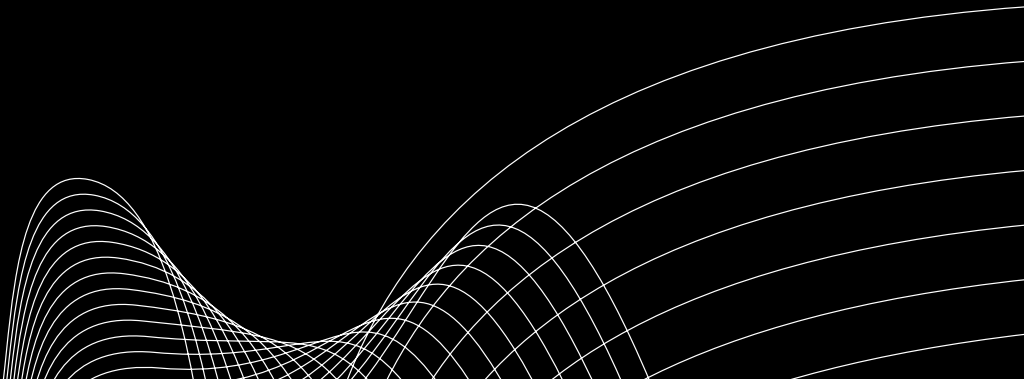

## Device Management

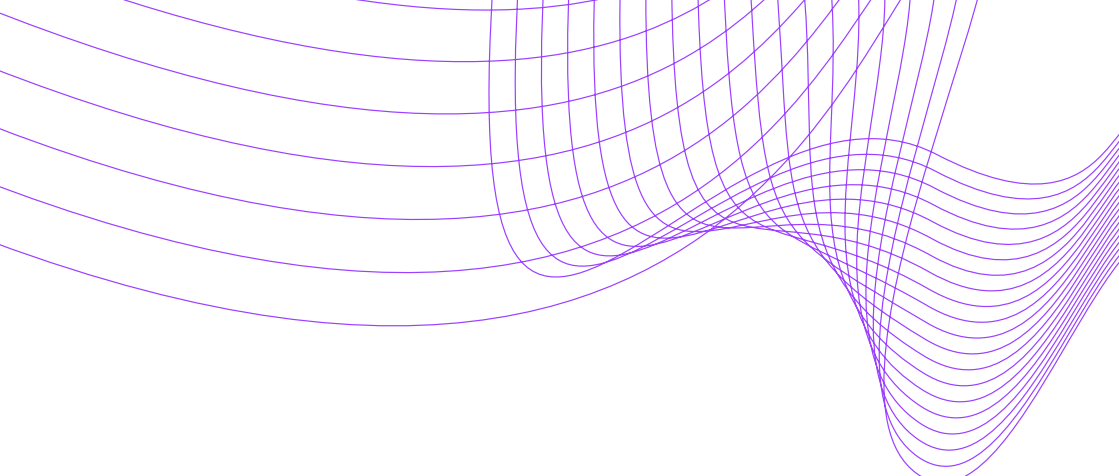

A key component for security, device management can help you with connectivity. Keep your business safe from cyber attacks and cyber criminals with Aurora's proactive device management.

## Internet of Things (IoT)

The IoT is a system where everyday objects can be fitted with technology so they are accessible online. We can provide this for a number of things, including cameras, thermostats or even your coffee maker!

## Handsets and Devices

In a world where handsets are ever-changing, communication needs remain the same. Our devices help businesses to improve communication.

## Mobile Broadband

We know that time is valuable, so we want to make sure you can get online anytime, anywhere. Our mobile broadband management service ensures businesses can get internet whenever they need.

If you would like to speak to an advisor on how we can help you with mobile services then get in contact with us today on **020 7503 3000**
